

reestablish order and common sense which ain't very common these days.

David was a restorer of life because his life pointed people to the life of Jesus. That's what it means to be a restorer of life. Your life points people to the ultimate restorer of life, Jesus Christ.

Let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven.

If you pour yourself out for the hungry and satisfy the soul of the oppressed, then shall your light rise in the darkness and your night will become like the noonday.

Notice the Lord does not say, if you give the hungry some food, but rather He says if you give yourself!!! It's easy to give folk some food, but to give up your house, your comforts, your privacy, your money, your clothes, your space....., your living room/dining room becomes the meeting room, the gathering room, the prayer room filled with desks, chairs, computers and other office equipment.

Jesus said, if you try to hang on to your life, you will lose it. But if you give up your life for my sake and for the sake of the Good News, you will save it. Mark 8:35

Folks are just as hungry today as they were 45 years ago—physically hungry, mentally hungry, spiritually hungry; hungry for love, hungry for acceptance, hungry for family, hungry for a sense of home and belonging.

If you are generous, extravagant with the down and out, your lives will begin to glow in the darkness, your shadowed lives will be bathed in the sunlight. Listen to what the Lord says He will do in your life when you pour out, give extravagantly to the last, the least, the lost, the struggling.....

.....I will always show you where to go, I'll give you a full life in the emptiest of places, firm muscles, strong bones. You'll be a well-watered garden, a gurgling spring that never runs dry. You'll use the old rubble of past lives to build to build anew, rebuild the foundations from out of your past, you'll be known as those who can fix anything, restore old ruins, rebuild and renovate, make the community livable again.

Who will stand in the gap? Who will be known as the restorers of the streets, of the community? Will you make a commitment today? Then sign off on the Imani Pledge that Queen Mother and David developed:

Whereas over 44 years ago in 1974, the youth in the City of Philadelphia took the bold step forward to ensure that following generations would not have to experience the self-destruction and agony of gang warfare. We honor them for this and for keeping their word.

Whereas in as much as our ancestors, parents, teachers, caregivers, elder community members and others that have shed blood that we might acquire an education. We give our word to refrain from fighting during school, after school and inside school, and we encourage those that we know to do the same.

Whereas we too are a generation that is proud and want to succeed. On this day, I sign this document to let it be known wherever it needs to be known that I care deeply about our community and will do all in my power to return us to our traditional greatness. Let my word be my bond. In honor of David Fattah, Sr., I pledge to stand in the gap as a restorer of the streets and communities.

Some of you are asking right now: pastor, are you asking me to sign up for another social justice movement. In Jesus' church, there can be no separation between the cross and social justice. There is no separation in Scripture between the two—no pain no gain, no cross no crown!!!!

Jesus said in Matthew 25:

Come, you who are blessed by my Father, inherit the Kingdom prepared for you from the foundation of the world. For I was hungry, and you gave me food, I was thirsty, and you gave me a drink, I was a stranger and you welcomed me, I was naked, and you clothed me, I was sick and you visited me, I was in prison and you came to me.

There is no separation between the cross and social justice. If we go into the neighborhood and live out the gospel—two things will happen. People and places will change. We are called to be restorers of life and of the streets.

David Fattah, husband, father, community activist, restorer of the streets was called from earthly labors to heavenly reward the other day. The heart that gave so much to so many just stopped!!! But the Creator said I've got a new heart for you over in Gloryland!!!! David is done with the troubles of this world, he has gone home to be with His God!!! No more crying, weeping and wailing, no more sickness, heartache or break. He's done with the troubles of the world.

Listen as David speaks parting words:

Do not stand at my grave and weep for me, I am not there. I do not sleep!!! I am every boy and girl fighting for life. I am every parent struggling with rebellious kids! I am every teacher demanding your best. I am standing in the gap connecting warring factions. Do not stand at my grave and cry, I am not there, I did not die.

If I can do my duty as a good man ought

If I can bring back beauty to a world up wrought

If I can spread love's message as the Master taught

Then my living shall not be in vain  
David Fattah, Sr., husband, father, grandfather, patriarch, social engineer, restorer of the streets and community has done his work, has sung his song, now he has gone home where he belongs!!!! To God be The Glory!!!!!!

The 2nd Congressional District of Pennsylvania extends gratitude to David Fattah, Sr. for his dedicated support and service to the Commonwealth of Pennsylvania.
